

Fishy Friends

Name: _____

One red fishy, wondering what to do,
Found a friend, and then there were two.

Two blue fishies, swimming in the sea
Found a friend, and then there were three.

Three green fishies, looking for some more,
Found a friend, and then there were four.

Four yellow fishies, going for a dive
Found a friend, and then there were five.

Five purple fishies, performing fishy tricks,
Found a friend, and then there were six.

Six orange fishies, twisting and twirling,
Found a friend, and then there were seven.

Seven pink fishies, didn't want to wait -
Found a friend, and then there were eight.

Eight brown fishies, oh, so fine,
Found a friend, and then there were nine.

All the little fishies, on the go, go, go,
All found each other, and made a rainbow!

Children cut out the squares, and paste them on the appropriate booklet page.

This is a multi-faceted, engaging reader to make, for preschool, pre-K and Kindergarten learners. Concepts featured are color recognition, recognizing written color names, counting sets, naming the set, adding one item to a set, cutting, pasting, matching colors, rhyming, and discussion and enjoyment of the "story".

KidSparkz offers FREE items often. Follow on [TpT](#) and [Pinterest](#) to see my products as soon as they are listed.
