Perfectly “simple to set-up” color recognition and color name activity for toddlers and preschoolers! Print on cardstock, cut out stars, tape on large craft stick for a handle. Colorful “magic wands”. Use for matching with colors in a room, at the supermarket, in the car etc. Play memory game “123, look and see!” - children guess which one you have removed from the set of stars. They will pick up the color name sight words without even thinking about it. Eleven colors, 2 spellings for grey/gray.

I add FREE items often. Follow on TpT and Pinterest to get them as soon as they are listed.
