

Down by the Beach in Hawaii

Tune: Down by the Bay

Down by the beach, where the sea turtles swim,
I love to dig in the golden sand.
I chase the waves, and dive and splash,
Did you ever see the palm trees swaying in the breeze,
Down by the beach.

Down by the shack, where you get shave ice,
The kids all run, and dance and play,
And then get cool, with their favorite cone,
Did you ever taste mango, pineapple, or coconut,
Down by the shack.
