Creating Patterns with Early Learners

My School

Included in this pack:

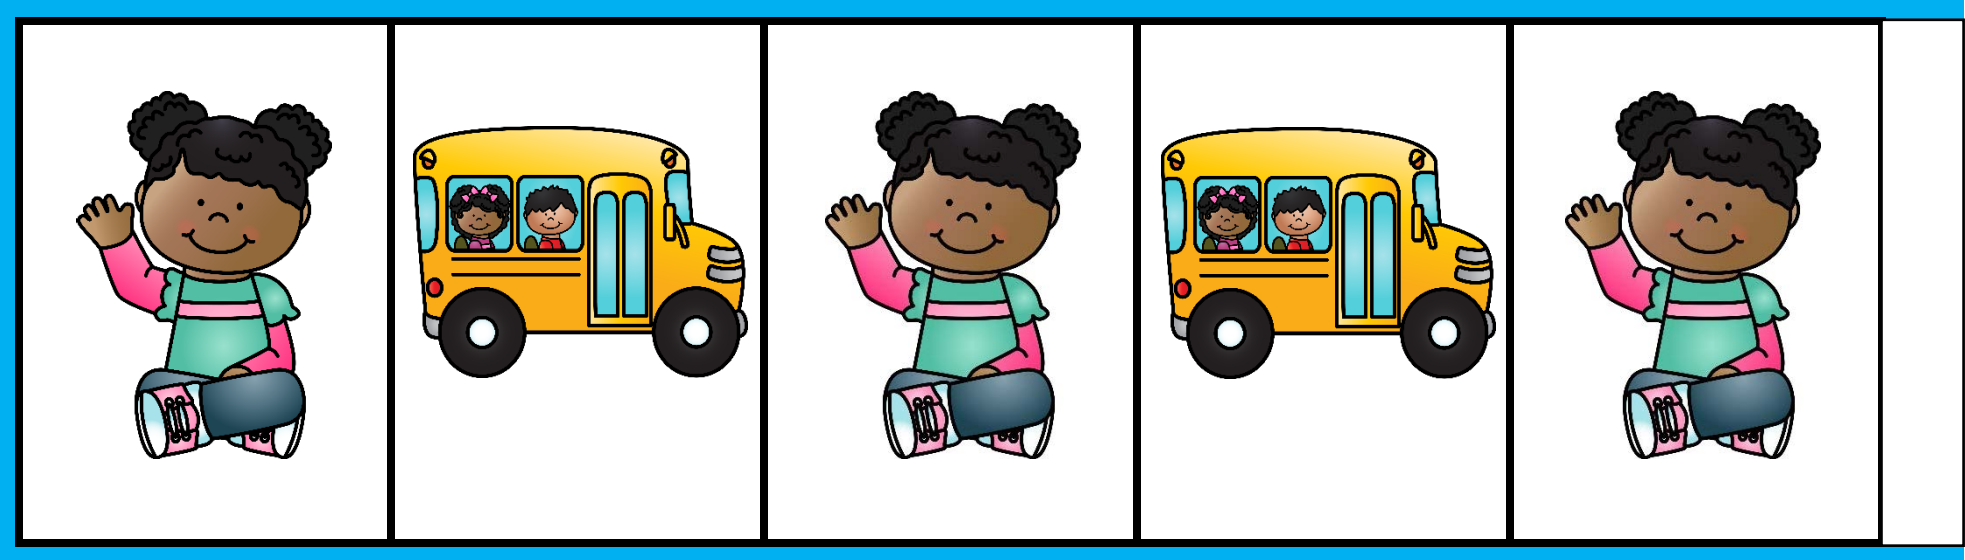

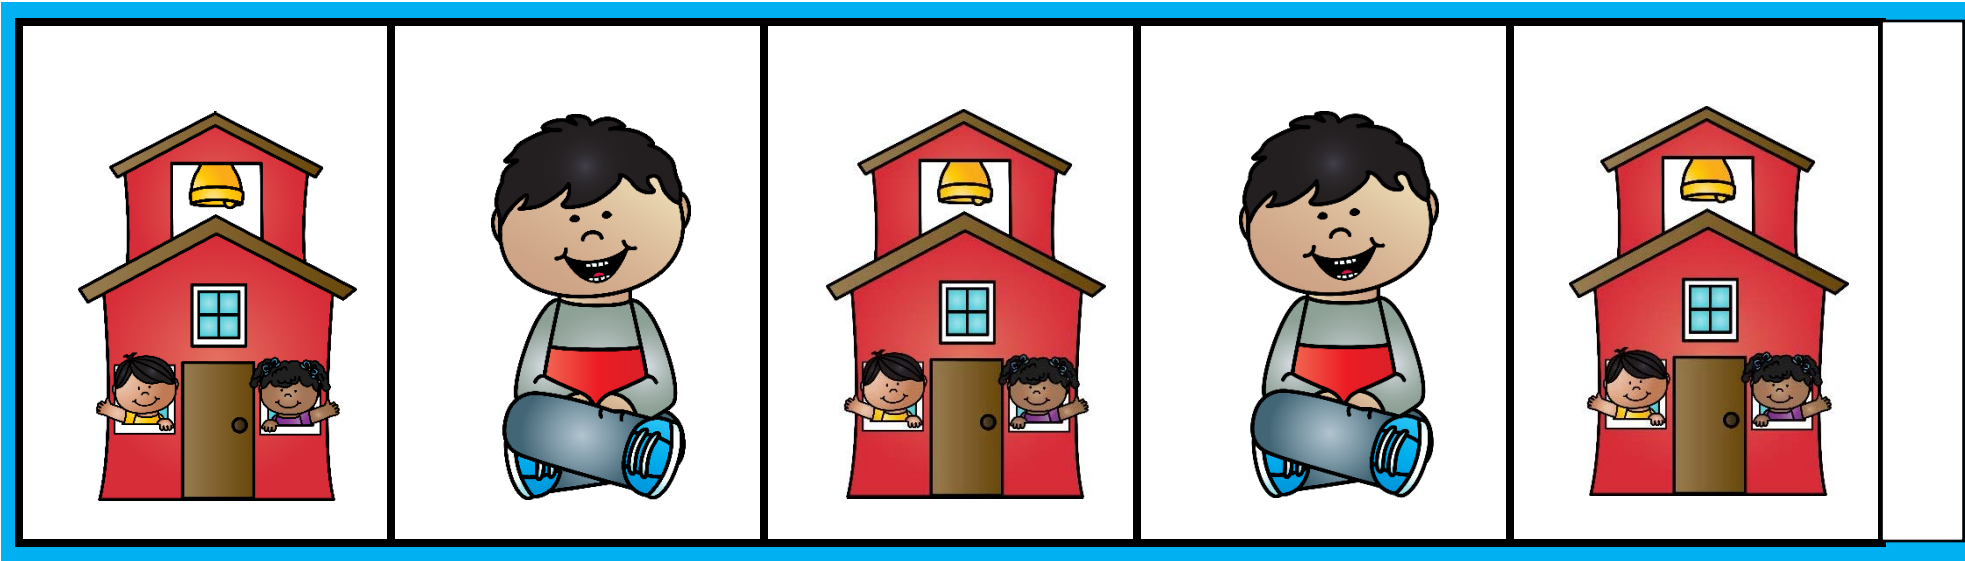

- 4 ABAB pattern strips for the children to complete. Any of the hands-on pattern strips can be used as a teaching tool in a small group, or as an individual center. You will get best results by printing the pattern strips on cardstock. Laminate if desired.
- 1 ABB pattern strip
- 1 AAB pattern strip.
- 1 ABC pattern strip.
- Extension strips – tape or glue one or more of these to the end of the basic pattern strips to lengthen them, and provide spaces for the children to add cards to continue/complete the patterns.
- Set of picture cards to use to continue the patterns. Print several pages.
- 3 cut and paste activity pages in b/w for individual follow-up table work.

Perceiving and analyzing a pattern can be taught, but it is also a developmental skill. Offer plenty of practice with the ABAB pattern strips before proceeding to more complex patterns.
