## Teddies Number Cards 1-30

This is a set of teddies number cards to 30. I have also added some stuffed giraffe friends cards to extend your lessons. You could hide a giraffe card behind one of the teddies, and children guess which teddy hides the giraffe. Play as a group game in a pocket chart, or in a grid at circle time on the floor. Cards can be used for number order, sequencing and recognition. . Print 2 sets for matching, concentration and memory games. Print on cardstock and laminate for longest use.
